## Venue & date

The EuroBIC and ICBIC, both biennially meetings, are the classical conferences of bioinorganic chemists to obtain top level information in the field of biological inorganic chemistry. EuroBIC13 will be held between August 28 and September 1, 2016 at the Eötvös University in Budapest one of the largest University of Hungary.

## History

The first Conference was held in Newcastle in 1992, while the venue of the previous Conferences are Wrocław 2008, Thessaloniki 2010, Granada 2012 and Zurich 2014. Budapest will line up into this illustrious series in 2016. The Conference will be held at the very end of August and will last of 4 full days.

## Program

It will be organised in two parallel sessions and the scientific program will include invited plenary and keynote lectures, contributed papers (selected on the basis of the submitted Abstracts) and posters.

## Language

The official language of the Conference is English.

## Topics

The following topics will be covered:

- ♦ Bioinspired and Biomimetic Systems
- ♦ Bioinorganic Chemistry and Nanotechnology
- ♦ Biomineralization
- ♦ Chemical Bioinformatics
- ♦ Metals in Medicine
- ♦ Metals in the Environment
- ♦ Metabolism of Metal Ions
- ♦ Metalloproteins
- ♦ Metals in the Brain
- ♦ Metal Ion Interactions with Nucleic Acids
- ♦ Other selected topics

COST Working Group meetings are welcome to bring to Budapest during EuroBIC13.

## Registration fees (in €)

|                      | Early | Late |
|----------------------|-------|------|
