

In **2019**, the French Catalysis community is glad to host you at the second edition of the **French Conference on Catalysis**. This event will be the occasion for the French and the International Catalysis communities to share the most advanced results in a friendly spirit.

The **topics** covered during FCCat 2019 will address the main **societal challenges** in a context of energy transition : fundamental and applied catalysis, refining and petrochemical processes, alternative energy solutions, renewable and fine chemicals, environment and sustainable development including recycling.

The following speakers have already accepted to give a talk : **Valérie Keller, Carine Michel, Eric Monflier, Stephan Andreas Schunk, Bert Sels, Thomas Weber, J. Van Bokhoven and Charlotte Williams**.

Key dates :

- Opening of registration:** November, 2018
- Deadline for abstract submissions:** December 19, 2018
- Notification of acceptance:** February, 2019
- Deadline for early registration:** April 4, 2019
